- INED 8816-new course

ISD

- ISD 3398-change in existing course

New Programs:

- TESOL Ed.D
- TESOL Ed.S

V. Adjourn

Minutes: After the meeting, Dr. Johnson met with Dr. Kuhel and made the changes recommended by the EPCC to INED 8816. These changes were rather minor and easily updated.

This package has been with us since April and the changes are now complete and entered into Curriculog. Since the changes were very minor, Dr. Johnson advised Dr. Kuhel that she would not have to present at our next meeting. However, the package will remain on the agenda as old business and we will vote on it at the next meeting on 9/7. Revised executive summaries for the TESOL Ed.S and Ed.D are available in Curriculog as well. Please review the corrections so we can make a decision at the next meeting.
